ABOUT LESLIE JORDAN

Custom Manufacturer Since 1986

“Our care and commitment to what we do and the runners happiness in the end is what makes us all do our job to the utmost”

— Leslie

The **Leslie Jordan Brand** has come a long way since its successful start with Tyvek jackets in 1986. As the Jacket's popularity grew, it opened the door to the active sports community and the need for affordable performance wear.

Answering the call, Leslie Jordan worked diligently to produce functional apparel for the runners, cyclists, triathletes and other active men and women, with moisture management fabrics that stay soft, lightweight and are great to wear.

Leslie Jordan has grown into an innovative wholesale manufacturer for performance tees, outerwear, medals, bags and accessories; becoming an industry Leader for Event Apparel. Whether a Customer is ordering from the Quick Ship Inventory Program or creating something completely custom, Leslie Jordan now covers every detail and color imaginable.

Independently woman owned and operated since the beginning, Leslie Jordan is still committed to providing strong personalized service, to save customers both time and money. The Corporate Headquarters, located in Portland, Oregon - is staffed with apparel design and production departments to create cutting edge garments and make sure that quality standards remain high. Award winning graphic artists are ready to help customers' generate artwork utilizing a vast array of decorating processes. When runners LOVE their shirts, they wear them, which helps maintain year round marketing impact.

When you call Leslie Jordan, a live person still answers the phone. Experiences Sales Representatives will be involved with your orders from **start...to finish**. The Company goal is to give you peace of mind, free up your time and provide winning products that shout success!

experienced & award winning INTERNAL GRAPHIC DESIGN TEAM

Complete design services are included with every order.

The Creative Process

Our designers work closely with our sales department to translate your concepts into original or revised art - resulting in dynamic graphics, no matter what the event.

They have perfected the transformation of vector and photographic art to all kinds of print and embroidery, and are experienced with new techniques that utilize the latest applications, technology and special effects, such as reflective and glow in the dark inks.

Need ART? No Problem

There is never a shortage of creative ideas from our award winning graphic artists. Our fully staffed design department is available to create or convert existing artwork for the Screen-Print or Sublimation print process.

They work with your historical event info, color specs, original or repurposed art to produce several design renderings for you to choose from.

Screen Printing / Sublimation Designs / Embroidery

The design process concludes with an extensive QC protocol ensuring the best print clarity or embroidery application on all items. This includes utilizing PMS / Pantone Matching System color correcting through application. Press checks are performed with varying stages of prototypes, often times revising the art and files until it's just right.

SPRING

BRIGHT BERRY RED - 192 C
A vibrant and eye-catching bright red that exudes energy and vitality

PERFECT PLUM - 2612 C
A rich and luscious hue that draws inspiration from the deep, velvety tones of a plum tree in summertime

COTTON CANDY PINK - 519 C
The essence of youthful exuberance and fun in a playful and vibrant shade

SUNFLOWER - 107 C
A color to call in the happiness and glow of a sunny day

SUMMER

BERRY BLUSH - 2375 C
A vivid shade that draws inspiration from the juicy raspberries found in summertime

SUNSHINE YELLOW - 100 C
A joyful and luminous shade that captures the vibrant radiance of a sunlit day

PEACHY KEEN - 1635 C
A soft and delicate hue inspired by the subtle blush or ripened peaches

SUNSET PINK - 213 C
An attention-grabbing color that commands attention from the get go

FALL

BURNT ORANGE - 2429 C
A warm and inviting hue that draws inspiration from the natural tones of the earth

WARM SUNSET - 7410 C
Invoking the glow from a warm and inviting sunset

CARRIBEAN - 7703 C
A captivating color that mirrors the serene beauty of tropical waters

DEEP OCEAN - 2391 C
An enchanting and rich color that embodies the essence of tranquil ocean depths

WINTER

EGGPLANT - 519 C
A rich and luxurious purple shade with deep, almost black undertones

EARTHY SLATE - 4161 C
A muted, sophisticated color that draws inspiration from slate stone

MIDNIGHT SKY - 7699 C
The shade of stillness and quietude that descends during the late hours

HAZY SKY - 7695 C
A smokey blue that embodies the subtle charm of hazy, mist-covered landscape

RECYCLED poly: Lets work together to SAVE OUR EARTH

GRS CERTIFIED RECYCLED POLY

Made from post consumer plastics now available in most performance and lifestyle fabrics.

Recycled polyester doesn't require new petroleum to create, lowering the demand for new petroleum extraction and reducing our overall carbon footprint. Producing recycled polyester is better for the climate, creating 75% less CO₂ emissions than virgin polyester. By providing a use for post-consumer and post-industrial product, OUR recycled poly meets the Global Recycled Standard!

WE PARTNER WITH A COMPANY THAT TAKES ALL OUR LEFTOVER SHIRTS INTO A "CLOSED LOOP" RECYCLING PROGRAM

Anything they can, they re-spin to make new clothing - they break shirts down into recycled yarn, then restitch into a new shirt. Anything they cannot re-spin they use to make fishing nets, housing insulation, etc. Cost is minimal - just involves shipping the overage back to us and we'll take care of it for you. No limit: from 5-5000 shirts left over from your Leslie Jordan purchase, reach out and we'll give directions for you to send them our way!
